

Digital Learning Parent Questionnaire

Safety is a major priority for Worcester County Public Schools. In an effort to maintain safe building environments, our leaders from the Board of Education have developed 4 stages for responsibly returning to school. In each of the 4 phases, social distancing protocols will be expected of all individuals in the building. Please **Answer** the **Bolded** questions below to help us better prepare for the responsible return of students to Stephen Decatur High School.

Phase 1: All students will participate in Virtual Learning from home using Schoology and Office 365 on school-issued iPads.

Phase 2: Select groups of students will be invited to attend face-to-face learning while the rest of students continue Virtual Learning from home. These invitations will be based upon academic needs, social/emotional needs, and various other circumstances. Starting tentatively 9/28 and continuing every 2 weeks as the Health Department allows, we will invite these identified students to come back to the building giving families the option for their student to return to the school building or to opt out and continue learning from home.

-If invited in Phase 2, will your child be attending face-to-face learning in the building?

Yes

No

Phase 3: All students will be invited back to the building in a Hybrid A-week/B-week model. Students will be required to be home one of these weeks but will be invited to return to the building for face-to-face learning the other week or they can opt for both A-week and B-week to be Virtual Learning (with WCPS Approval). (If A-week is face-to-face learning in the school building, then B-week would be Virtual Learning from home and vice versa)

-In Phase 3, will your child be attending face-to-face learning in the building for the scheduled weeks?

Yes

No

Phase 4: We are back to 100% capacity with all students welcomed back into the building for face-to-face learning. Families will have the choice for the 20-21 school year to opt for Virtual Learning at home during this phase as well (with WCPS Approval).

-In Phase 4, will your child be attending face-to-face learning in the building?

Yes

No
